Linear Slide Retract Robot Dress Solution

*Easy and minimal adjustments to match
configuration and robot path of high
articulating robots*

Features

- Length of assembly is flexible and easy to adjust
- Multiple units can be mounted side by side in various orientations
- Custom linear slide sizes and lengths available
- Excellent solution for very high articulating robots
- Minimal amount of labor required to match configuration and robot path
- Very close to robot arm to limit obstruction
- Allows flexibility to rearrange routing to match robot path and avoid fixtures
- Increased cable/ hose life
- Decreased downtime
- Robot Dress assistance readily available
